Setting: Urban, Wilderness

*An intense 40-hour high and low angle rescue course.
Teaches skills required by fire departments, mountain and industrial rescue teams.*

Topics Covered Include:

Equipment selection, inspection and maintenance; knots; anchors; patient packaging; mechanical advantage systems; belaying; lowering systems; rappelling; knot passing through rappels; raising and lowering systems; system safety factors; litter rigging and tending; guiding lines; pick-offs; and rescue scenarios.

Course Includes:

CMC Rescue School Certificate of Completion
CMC Rope Rescue Manual
CMC Rope Rescue Technician T-shirt

Course Fees:

Early: \$840.00 - When registered and paid by July, 31, 2008.
Regular: \$915.00 - For registration paid after July, 31, 2008 or when billed on a Purchase Order.

Make checks payable to CMC Rescue Inc. You may also fax the registration form to make payment by using a credit card.

Class Size: Class size is limited to 16 students. We emphasize hands-on instruction and encourage participation by everyone in the class. Classes fill early so register soon.

Enrollment information: Due to high demand for these classes, we can only confirm your registration *with payment* (check, credit card or valid purchase order). A confirmation letter with travel, lodging and meeting location will be sent approximately 45 days prior to the beginning of class. Applications without payment will be placed on the waiting list and accepted on a first pay, first served basis.

Please reference CMC Course Number **08-204-07** when registering.
